**SERVUS MINCE MEAT**

NEW YORK, N. Y.

**SERVUS MINCE MEAT**

Package condensed mince meat is made up today of the best quality of dried fruit and other items which can be found, all of which are found in the United States with the exception of spices and currants. The study of the packing of condensed mince meat has extended over a period of 100 years and today is as near its perfection as we can possibly conceive. The sanitation in the factories in which it is packed is beyond reproach as the competition today in these lines necessitates the guarding of the most minute detail of the business. The apples used are of the best grade of New York State, where in our opinion is grown the best flavored apple known. The raisins used are of the best quality seeded variety. No expense is considered in procuring the very highest grade of apples and sugar, as we all know, is always sugar, the different grades merely representing the different flavors or different granulation required for different purposes. Each particle of fruit or any other article used in the manufacture of mince meat is thoroughly cleaned and hand-picked by people trained to know what is good and should not be used and in this manner the article comes to the housewife cleaner by far than she could possibly take the same article in her own kitchen, regardless of how clean it may be, and make up the filler for her mince pie. The old idea of dirt being prevalent in mince meat is today disputed by the greatest authorities on food products. The meat used in mince meat is of the nicest and to-day the same corn-beef which you can use as mince meat for all it requires is a little water and being heated for ten minutes and it is ready for the crust and then the table and she may without fear of loss carry three or four packages of mince meat in her pantry, having it ready at any time for the chance occurrence of unexpected company and it will be a good dessert free from dirt. It is our thorough belief that a mince meat pie made from condensed mince meat is about as cheap a dessert as can be prepared and as good as any other.

For many years mince meat was considered a winter dish. Each year for the last ten our factory has had to increase its capacity during the summer months until today it runs every day of the year with a regular force of helpers. We ship goods to every part of the country the entire year. This of course means a great increase in the use of these goods over what mince meat was eaten only in the winter months which means an increased sale over the former winter consumption.

**Windham Alumni Five Fast, But Local Quintette Mastered Them—Score 31 to 28—Downer and L. Stanley Featured in Scoring—Victory Undecided Until Last Few Minutes of Play.**

In a closely contested game the Y. M. C. A. basketball team managed to score victory from the Windham High Alumni, five of Windham, at the score of 31 to 28, Saturday evening at the Y. M. C. A.

The game was full of exciting plays with both teams doing themselves justice. The Thread City aggression was heavy, fast and armed with eagle eyes displaying some very clever shooting, but the local contingent proved not only their equal, but their masters. At the end of the first period the Y. M. C. A. prospects of a victory were doubtful as their opponents had the big end of the score.

On the resumption of play the Y. M. C. A. boys displayed some great comeback spirit and quickly had the tide of battle waging in brighter aspects. By no means did they have everything their own way in this period as the Windham boys were equal to the occasion in scoring and the teams fought a bitter neck to neck tussle. In the last few minutes the Y. M. C. A. scored the necessary points for victory.

Downer of Windham and L. Stanley of the Y. M. C. A. were the stars in the shooting of the evening. The lineup:

Three selections of a religious nature were given by Hazel Chandler Parks, the popular Boston reader. Her first selection was The Lost Word, the second, The Message, and the third How, Where and Why.

Dr. Hugh B. Campbell, superintendent of the tuberculosis sanatorium, will be the speaker at the meeting next Sunday, where and why.

**MODIFYING EMBARGO AGAINST WESTERN FREIGHTS.**

New Haven Road Will Receive Pennsylvania Railroad Shipments.

The embargo placed on freights originating west of the Hudson river and destined to New England points

will be modified today as a result of an order issued Saturday by the New York, New Haven and Hartford railroad. All equipment via the Pennsylvania and its connections over the Harlem river will be received by the New Haven road.

The New Haven in a statement issued Saturday said:

"It is the policy of the New Haven company to lift the embargo by declassing as far as possible. Circular letters are being sent to consignees requesting co-operation on their part and suggesting certain methods of co-operation should tend to relieve the congestion.

"The company is hopeful that further relief will be possible in the near future, provided no serious physical obstacles intervene. It is the belief of the officials that reinstatement of the embargo at a future date may be avoided by the maximum carrying capacity, and to unload cars promptly."

**COLUMBIA DROPS TO LAST PLACE.**

New Yorkers Trimmed by Yale Basketball Five—Score 29 to 21.

Columbia fell a victim to Yale's lightning fast five Saturday night and dropped to the cellar in the intercollegiate basketball race. The score of the game was 29 to 21.

It was Columbia's third defeat in four games played, and virtually eliminates the Blue and White from all prospects of the title.

Superior team work with a flush of high class playing in the opening half won the game for Yale. Columbia was a much improved combination over the one that last played on the home court, but it still lacked the ability to carry the ball clear into the basket after a rally.

William Charley Taft failed to score a single goal and basket and was badly outplayed by Burghard, the Columbia center, both on the jump and following the ball. Burghard failed three times against the son of the former president and never once had much difficulty in guarding him.

Columbia's passing game was almost as good as Yale's but the Blue and White fell down badly in shooting. For as much as five minutes in the opening period it looked as if Columbia would sweep through to an overwhelming triumph.

The Morningside five scored first and jumped after the ball with amazing speed. The sport was short-lived, however, for after they had run up a score of 8 to 5 against the Blue Yale suddenly came to life, and the baskets were dropped in by the Blue.

Oslen and Weiner, the Blue forwards, played a fine game, both offensively and defensively. Oslen scored three baskets, and Weiner dropped in two. Mallon, the Yale right guard, shone against Backley, Calder, and holding Calder to a single basket made two goals himself.

The score follows:

**Yale (21)**  
Oslen, 10; Weiner, 8; Backley, 3; Calder, 2; Mallon, 2.  
**Columbia (8)**  
Backley, 3; Calder, 2; Mallon, 2; Oslen, 1; Weiner, 0.

Bulletin Duckpin Rollers Were on the Losing End.

Going strong in the first string and rolling the high team single of the match, The Norwich Bulletin duckpin bowlers lost the next two strings and the match to the Evening Record team on Saturday evening at the Aetna alleys. The Bulletin five had a margin of 19 pins on the first string, but the Record rollers more than made this up and finished the match with a margin to their credit of 56 on total pinfall.

Captain Sullivan directed his Bulletin rollers from the sidelines and was called upon to display considerable tactical ability in the disposition of his forces as one substitute after another had to be thrown in to fill up the gaps made by withdrawals through illness and other unforeseen contingencies.

The Bulletin team was high individual roller for a single of 110 and a three string total of 301. Rioridan of the losers ran into a streak of 7.25, pins \$6.00; roughs \$6.00; 6.25, pins \$5.00; 6.50.

Contest Fought Hard by Both Teams—Score 2 to 0.

The Harvard hockey team eliminated Princeton from the race for the intercollegiate title at the St. Nicholas ring, New York, Saturday night, but it needed two extra periods to do it. The final score was 2 to 0.

Both teams played their hardest and the contest was one of the fastest seen on the rink here this season. Although the goals of both sides were repeatedly threatened, neither team was able to cage the puck within the regular time.

In the first extra period Percy made the first tally in two minutes and fourteen seconds of play after a lively scrimmage. The second goal was made by Morgan in the next extra five minutes after one minute and seventeen seconds.

The lineup follows:

Famed Athletes from All Parts of This Country and Canada Will Battle Wednesday Night.

Athletic stars from all parts of this country and Canada will gather at New York on Wednesday night to battle for fame and trophies at the Millrose A. A. games in Madison Square Garden.

From Boston, Philadelphia, Chicago, Los Angeles and Toronto will come famed athletes to test their strength and speed against the best men who represent New York in open competition.

Among those entered are a host of men who have won world's, national and sectional titles in their specialties. The meet will begin with a dash at 70 yards. In it four of the best sprinters in America will start. They are J. G. Loomis of Chicago, the national titleholder; Howard Drew, the holder of the University of California who holds the world's record of 9.3 seconds for the one hundred yard dash; Roy Morse of the Bronx, who won the national furthest throw last summer and Frank Stephenson of the Trinity A. Famous Harness Horse Driver Took \$115,598 Last Season.

Tommy Murphy, the harness horse driver, broke all money winning records for the drivers last season when he won \$115,598.
